CITY OF FAIRMONT
STANDARD CONDITIONS AND CONSTRUCTION SPECIFICATIONS

- A. Gopher State One-Call Agency shall be notified at least 48 hours prior to any excavation work (1-800-252-1166).
- B. Existing bituminous and concrete pavement and concrete sidewalk, driveway and curb and gutter sections removed shall be disposed of at an approved disposal site.
- C. The trench excavation under the street and curb and gutter shall be backfilled with suitable backfill material compacted to 95 percent Standard Proctor Density. The boulevard and lawn areas may be backfilled with excavated material compacted to prevent any future settlement.
- D. The street and curb and gutter shall be restored to the original or a better condition.
- E. The replacement cross section shall be constructed equal to or thicker than the in-place section.
- F. Removal of existing pavements, curb and gutter, and sidewalks shall be removed at joints and/or by sawing to provide a clean straight edge.
- G. If necessary to work in streets compliance with MMUTCD is required.
- H. Applicant is responsible for avoiding and correcting any damage to other property and shall coordinate its work and the location of any improvements, both before and during the work, with the City of Fairmont, other utility owners and private property owners.
- I. All excavation and backfilling should be completed as necessitated by local subsurface conditions to prevent settlement in finished surfaces. Use granular materials where native materials cannot be compacted to avoid future settlement.
- J. All work shall be completed to avoid discharge of sediment and other deleterious materials into public or private storm or sanitary sewers. Applicant shall use Best Management Procedures, including all appropriate erosion control devices necessary to protect sewers and surface waters from illicit or prohibited discharges. Failure to protect sewers and surface waters shall be grounds for the City to stop work, rescind this permit and require other corrective actions by the applicant.
- K. Issuance of this permit does not convey a permanent easement or unlimited license to use public right-of-way for the applicant's facilities. In accordance with and subject to any laws, agreements, franchises or other applicable rules, the City of Fairmont reserves the right to require relocation or removal of applicant's facilities as may be necessary to operate, maintain or improve City's infrastructure.
