Stormwater Illicit Discharge Reporting/Complaint Form

The wastewater and sewage that drain from inside your house are treated and cleaned before they enter local waterways, but the storm drains in the street outside your home flow directly to waterways without any treatment. Therefore, it is very important that no one be allowed to dump waste of any kind onto the street surfaces, drainage pipes, and ditches, or into storm drains –as they are only for rainwater. If you see someone dumping anything onto street surfaces, into storm drains, or into any other device built to contain rainfall or runoff, please report it immediately by calling City Hall at (507) 238-9461 or by completing the form below and dropping it off at City Hall or mailing it to: City of Fairmont – Water Resources Technician – 100 Downtown Plaza – Fairmont, MN 56031

Fill in the appropriate information and a City of Fairmont employee will investigate all reports received and take appropriate enforcement actions necessary to rectify the discharge.

Erosion and Sedimentation Complaints:
Pertains to observed excessive erosion and sedimentation from active construction sites.

Illicit Discharge Complaints:
