

Job Opportunity for  
Water Operations Supervisor

The City of Fairmont is looking for a Water Operations Supervisor to lead the daily operations of our Class A Surface Water Treatment Plant. We are looking for a leader with attention to detail to manage the facility, lead 24-hour plant operations, supervise, and conduct laboratory testing and ensure regulatory compliance ensuring safe, efficient, and quality water distribution to all residents. The supervisor will collaborate with the Water/Wastewater Superintendent to continue innovative “Source Water Quality” efforts. The supervisor should be an effective communicator, have experience working with regulatory agencies and building effective work teams, and provide excellent customer service.

Qualifications: Two-year degree in water treatment operations, chemistry, biological sciences, or a related field with at least two years of experience in water plant operations at a Class C or higher facility. This position requires a current State of Minnesota Class A Water Operator License or the ability to obtain one within four years. The hiring range for the position is \$65,336 - \$80,060 dependent on qualifications and experience.

A complete job description and application requirements are available online at <http://www.fairmont.org>. Applications are accepted until position is filled.
